4WD**

Airconditioner

Articulated Steering

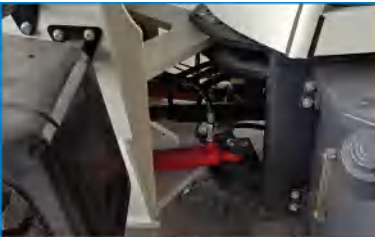

- Simple structure, easy maintenance
- Long wheelbase, good passability and high stability
- Misoperation protection system

Engine

- Equipped with famous brand XINCHAI engine which has strong power, meets the instantaneous power demand of special working conditions, higher working efficiency, meets the national II or III emission standard, energy saving and environmental protection

Hydraulic and Transmission

- Military quality hydraulic system to ensure high reliability
- Transmission: Hydraulic automatic, easy to operate

Model		unit	ZF430T
Quick View			
Std operating weight	Kg		4200
Std lifting capacity	Kg		3000
Std fork length	mm		1220
Drive			4WD
Gradeability	°		≤35
Std lifting height	mm		2S Mast/3000mm
Loading center	mm		500
Wheel base	mm		2250
Engine			
Brand			XINCHAI 4D27G31
Emission standard			III
Power	Kw/rpm		36.8/2500
Transmission(std)			
Hydraulic automatic			√
High / Low speed			√
Tire size			
Type			Rough Terrain
Size			12-16.5-16PR NHS (std rim 9.75)
Dimension			
Transport dimension			
length x width x height	mm		5380(4100 without fork)x1800x2200
Optional			
Mast height 3000-6000mm	Steel pipe clamp	Air condition	
Fork side shifter	Carton clamp	Rotator	
Fork side shifter positioner	Block clamp	Fork clamp	
Single double pallet handler	Paper roll clamp	Foam clamp
